Education

- **Bachelor of Technology in Computer Science**
  SRM Institute of Science & Technology
  July 2019 - Ongoing
  GPA- 9.16 /10 (Upto 4th year)

- **Senior Secondary**
  Greenfields Public School, Delhi
  May 2019
  Percentage : **86%**

- **Secondary**
  Greenfields Public School, Delhi
  May 2017
  CGPA : **10/10**

Experience

Aqgromalin | IOS Development Intern   Jan 2022-May2022

- Developed new UI of AQAI and Farm Management iOS applications in coordination with UI team.
- I worked on all the API Integration and made the UI of Farm Management App.
- I was involved in resolving bugs and addition of new features for example I added a spotlight feature for an application walk through.

Personal Projects

- **PINCodeIndia || GITHUB Link**
  1. Application shows the user the head Branch Name if the user searches by "The PIN" and the PIN Code if the user searches by "The Name".
  2. Language used -**Swift**
  3. Framework used -**UIKit**
  4. **Cocoapods** used -**CLTYPING** Label (for typing animation)
  5. **Firebase Authentication**

- **CovidTracker || GITHUB Link**
  1. The Application shows state wise **stats of COVID19** to the user.
  2. Language Used- **Swift**
  3. Framework Used- **UIKit**
  4. **Cocoapods** Used- **iOSDropDown**(for drop down menu)

  1. This application can be used for communication between multiple users.
  2. It uses **Firebase** as a Database.
  3. **Firestore's email authentication** feature is for multiple user logging.
  4. Language Used- **Swift**
  5. Framework Used- **UIKit**

Programming Languages

- C & C++
- Swift
- HTML & CSS
- SQL

Programming Profiles

- **Leetcode**
- **Github**

Achievements

- **Solved 450+ DSA** questions on Leetcode

SKILLS

- Data Structures
- Algorithms
- Git & Git Hub
- IOS Development
  i. UIKIT
  ii. SWIFTUI
  iii. ARKit
  iv. MLKit

Course Work (Undergraduate)

- Data Structures Algorithms
- Object Oriented Programming
- Operating Systems
- Database Management(online)
